

HELLO SYSTEM (336) 883-3026

Step 1 – General Information

Press **#** to accept/move/skip forward or press ***** to go back.

Cut off for Scheduling or Rescheduling Inspections is 6:00am of the current day.

Please do not end call until you have received a confirmation number.

Step 2 - Enter Permit ID

Using your phone keypad, please enter your permit ID number without the dashes. The ID begins with letters. Use the corresponding number from your keypad, such as “OC” equals “62” followed by the # key. The system looks up your permit. Press **#** to continue or press the ***** to re-enter Permit ID.

Step 3 - Enter the **3-digit inspection code**¹ followed by the **#** key (i.e., 101 for Building-Footing).

Building Inspections (Group 1 Types of Inspections)

- 101 - Footing (*excavated trenches, grade stakes, forms, etc.*)
- 102 - Foundation (*masonry walls, piers, poured walks, etc.*)
- 104 - Slab (*subgrade & base, grade beams, piers, etc.*)
- 105 - Framing (*roof, walls, ceiling, floor framing, nailing, and lintel*)
- 106 - Insulation (*insulation against unconditioned space*)
- 107 - Final (*All code items completed*)
- 108 - Exterior (*Windows set and flashed properly, prior to installation of siding*)
- 110 - Above Ceiling (*Necessary inspection above suspended ceiling if not done during framing*)
- 111 - Monolithic Slab
- 112 - Miscellaneous

Electrical Inspections (Group 2 Types of Inspections)

- 201 - Service (*increase in meter size & energy usage*)
- 202 - Rough (*inspection of wires in walls, ceiling or floor before they are concealed*)
- 203 - Final (*All code items are completed*)
- 204 - Water Heater
- 205 - Above Ceiling (*Necessary inspection above suspended ceiling if not done during rough*)
- 206 - Bonding
- 207 - Saw Service (*For use by contractors during construction*)
- 209 - Low Voltage Rough
- 210 - Low Voltage Above Ceiling
- 211 - Low Voltage Final
- 212 - Photovoltaic Rough
- 213 - Photovoltaic Final
- 214 - Miscellaneous
- 215 - Under Slab

Mechanical Inspections (Group 3 Types of Inspections)

- 301 - Rough (*usually to inspect ducts, pipes, equipment before it is covered or concealed*)
- 302 - Final (*All codes items completed*)
- 303 - Gas Pressure Rough (*Gas line rough-in before covering*)
- 304 - Gas Pressure Final (*final test and release of gas meter*)
- 306 - Above Ceiling (*Necessary inspection above suspended ceiling if not done during rough*)
- 307 - Water Heater
- 308 - Miscellaneous
- 309 - Under Slab

HELLO SYSTEM (336) 883-3026

Plumbing Inspections (Group 4 Types of Inspections)

- 401 - Sewer (*Usually pipe, underground, building to sewer tap*)
- 402 - Under Slab (*Usually pipe under concrete slab*)
- 403 - Top-Out (slab) (*Usually pipe above slab to roof*)
- 404 - Rough (*Usually pipe, crawl space to roof*)
- 405 - Final (*All code items completed and water & sewer replacement*)
- 406 - Water Heater
- 407 - Storm Underground
- 408 - Water
- 410 - Miscellaneous
- 411 - Interceptor

Site Inspections (Group 5 Types of Inspections)

- 501 - Zoning (*Includes Landscaping and all local code items*)
- 502 - Zoning Commercial (non-residential projects)
- 503 - Sign Final (*height, location and square footage regulations*)
- 504 - Backflow (*backflow*)
- 505 - Driveway (*location, flare, and width of forms*)
- 506 - Sidewalk (*location and width*)
- 507 - Water Quality Device (*location and design of permanent water quality device*)
- 508 - Design Review (*building façade material type and layout*)
- 509 - Street and Utility (*Engineering Services inspection of street and utilities*)

Fire (Group 6 Types of Inspections)

- 602 - Final
- 603 - Above Ceiling (*Inspection of wiring or piping above suspended ceiling if not done during rough*)
- 604 - Sprinkler Rough
- 605 - Sprinkler Final
- 606 - Alarm Rough
- 607 - Alarm Final
- 608 - Suppression Rough
- 609 - Suppression Final
- 610 - Tent Final
- 611 - Miscellaneous
- 612 - Sprinkler Flush
- 613 - Sprinkler Hydro

Inspection Groups

To hear all available inspections, press #

Note: You can listen to this list, however, you must still enter 3-digit code

To request **Building** inspection, press 1

To request **Electrical** inspection, press 2

To request **Mechanical** inspection, press 3

To request **Plumbing** inspection, Press 4

To request **Site or Zoning** inspection, press 5

To request **Fire** inspection, press 6
